### Examination Format for Primary 5 Mathematics/ Foundation Mathematics

The examination format is structured into two papers:-

Paper 1 is the non-calculator component to ensure that important computational skills continue to receive emphasis.

Paper 2 is the component which allows the use of calculators.

The two papers will be taken on the same day with a break between the papers. The item types and the number of questions for each type are as follows:

#### P5/ PSLE Mathematics

Paper	Duration	Type of questions	No. of Questions	No. of marks per question	Total Marks

The school is using the Casio FX-96 SG PLUS model of calculators. The 'Natural Textbook Display' function of these models allows the displays of fractions and square roots just as they are written in the textbooks. However, other calculators that are approved by the Singapore Examinations & Assessment Board (SEAB) will also be allowed in the examination. The list of calculators is available on SEAB's website: <http://www.seab.gov.sg>.
