P6 Ecology Enrichment Programme

As part of the school's efforts in engaging students meaningfully in their learning beyond the classroom environment, a learning journey to Pasir Ris Wetland Nature Reserve will be conducted on Friday, 19 May.

The objective of the learning journey to Pasir Ris Wetland Nature Reserve is to enrich our P6 students' Science learning experience through exposing them to the Reserve's rich biodiversity and unusually high variety of bird species. The school hopes that while enjoying the sights and knowledge of the Wetland Reserve, our students will be motivated to appreciate the beauty and diversity of wildlife.
