2. Edusave Character Award (ECHA)

2.1 In 2012, MOE introduced the ECHA for schools to recognise students who demonstrate exemplary character and outstanding personal qualities through their behaviour and actions. The award also supports schools' continuing efforts in nurturing students of good values and character and who are active contributors and concerned citizens.

2.2 Eligibility Criteria

Students must satisfy the following eligibility before they can be given the ECHA:

- Students must be Singaporeans studying in government / government-aided primary schools;
- Students must consistently demonstrate good character and values; in particular the following types of qualities:
 - i) School values and character traits which include integrity and care for others; and
 - ii) Qualities associated with resilience. For example, students who have persevered despite facing difficult circumstances (such as financial problems, family issues and health issues) and managed to overcome the odds and still do commendably well in academic and non-academic domains.

2.3 At Coral Primary, we have established a structured process to nominate and shortlist students for the award. The validation and endorsement of the ECHA awardees will be conducted by a panel chaired by the Principal.
